PRICE LIST  
1950

CARL OLDT

1602

FRANCIS AVE., S.E.  
GRAND RAPIDS, MICH.

It is a real pleasure to send you my 1950 catalogue.

In presenting my 1950 list I wish to thank all of my old customers for the nice orders which they sent me last year. I have retained in my current listing the best of the older varieties, and I have added what seems to be some of the best of the recent introductions from the United States and Canada, also some of the newer varieties from Europe and Australia. I am a small grower and try to emphasize quality rather than quantity. I believe that you will find my prices as reasonable as those of other reliable growers. My catalogue is not as elaborate as many which are put out by other growers, but I will try to make up in generous count and in extras for the saving in getting out my list. On this basis I solicit a trial order from you for a part of your gladiolus business.

All stock is guaranteed true to name and free of disease and thrip. Upon receipt of bulbs, if you are not satisfied in every way notify me promptly and I will do my utmost to adjust the matter to your satisfaction. Safe delivery of all shipments is guaranteed. However, if you want your bulbs during the winter months, they should be shipped express collect as it is not safe to ship by parcel post in cold weather. Extra bulbs will be added to make up for the shipping charges. We cannot guarantee the growth or productiveness of either bulbs or bulblets, due to variation in climate and soil conditions. Another limiting factor is thrips or other insects which may work on your bulbs and plants. At no time will we be liable for more than the original amount paid for the bulbs. All orders are accepted with this understanding.

Terms: Retail orders of \$ 2.50 and up are shipped prepaid in the U. S. A. On orders of \$ 5.00 or more you may reserve order by a payment of 25% or more with your order and I will ship C.O.D. for the balance. Ten bulbs or bulblets will be sold at 8 times the single price, and 100 bulblets at 8 times the rate for 10; 5 at the 10 rate and 25 at the 100 rate. Do not overlook the special offers at the end of the regular list. The cash discount does not apply to these specials as the price is already as low as I can afford to make it.
